- **Do you have elementary age children that don't have anywhere to go while you work?** We have exciting news! We are opening a new building right the down the road on 6th. This building will be strictly for school age children to go during the day. We will help them with their online learning until they are able to go back to school, as well as have a place for them to go during all of their school breaks. We plan on having a teacher, an assistant teacher, and a parent volunteer in each room. If you would like to volunteer please reach out to Mrs. Chelsey.
