## Franklin Facilities Monthly Newsletter

August 2020

### Facility News

- **School Aged Summer Program:** Summer Program ends August 14<sup>th</sup>. Please let us know your school year plans and if you need to continue care with us. More details on our school-year plan are coming soon!
- **COVID-19 Update:** Due to the increased amount of COVID cases in Canyon and Ada counties we are returning to drop off and pick up in the Lobby/Entrance Area. Please ring the doorbell to notify a staff member you are here, then enter the building. Wash your hands and your children's hands with hand sanitizer, then a staff member will take your children to their classroom. Please remember to clock your children in and out at the kiosk. If you do not have an active code for our check in stand, let your director know. At pick up please follow the same steps. Please do not enter the classrooms.
- **NEW:** Temperature checks will be done at drop off. If **100.0** or higher, your child will be required to stay home. We ask all our families to try to social distance to reduce the chance of germs being spread at daycare.
- **Please remember our Extended Illness Policy is still in effect.** If your child or ANY member of the home is ill, your child will need to remain home until they have been symptom free for 72 hours with no Tylenol assistance.
- We have hired a new cook, Ms. Susanne, who will be starting the 17<sup>th</sup> and are excited for the changes coming to our menus over the next months!
- The kids are loving having the chickens at the center. Feel free to come say, "Hi!" to them at pick-up and drop-off.

We were able to harvest a few items from our garden! We are extremely excited for all the pumpkins that have started to grow. We hope to be able to share them with all the kiddos this Fall!

### Class Activity Dates

We hope to be starting Dance, Musical Kids, and Taekwondo again this Fall.
